

eMeeting Participant Tips

- Make sure you can clearly hear the Leader and others at all times. Run the **Centra Audio Wizard** if you encounter problems. The audio wizard icon reflects the selected audio option:

Headphones and
microphone

Speakers and
microphone

Speaker only

- **Raise your hand** to request a microphone or ask a question.
- Remember that running other applications while in the meeting can slow your session.
- If you experience a technical problem, close the meeting and then rejoin it.
- Use **Text Chat** to communicate with the Leader if you continue to experience technical problems.
- Click **Step Out** to step out of the Main Room or Breakout Room.
- Play back the recording of a meeting to review or reinforce the material. Click the **Past** tab on the My Schedule page, find the event to play back, and click the **Playback** link.

Centra 7.5 SP1 eMeeting Participant Quick Reference Card

As an eMeeting Participant, you use eMeeting's features and tools to work with a Leader, Co-presenter, and other Participants in real-time, online meetings.

Use this **eMeeting Participant Quick Reference Card** to view tool and tip information at a glance. *You may want to keep this card nearby to reference as you work with eMeeting.*

Where to Get More Information

For more detailed information about working with eMeeting, refer to:

- The Participant portion of **Getting Information about Centra**, accessible from the Centra 7 Home Page.
- The **Centra eMeeting Participant Tutorial**, accessible from the Centra 7 Welcome Page or the Centra 7 Home Page. This self-paced Tutorial provides basics for working with eMeeting.

Before You Begin

- **Centra Audio Wizard.** Configure your speaker and microphone settings for best audio quality. *To work with the Centra Audio Wizard, select **Tools, Audio Wizard** from the Centra interface.*
- **Centra Video Wizard.** Focus and position your camera, if you plan to broadcast video. *To work with the Video Wizard, select **Tools, Video Wizard** from the Centra interface.*

eMeeting Participant Quick Reference Card

Speaking

1. Press and hold the **Control** key or click and speak into your microphone. Or, click the **Lock to Talk** button  to speak for an extended time.
2. Click the **Lock to Talk** button again to allow others to speak.

Sending Text Chat

1. Click  Text Chat.
2. Type a message in the text box.
3. **Note:** The message is addressed to all participants and presenters unless you select a specific name from the **To** drop-down list.
4. Click **Send**.

Running the Audio Wizard

1. In the Centra window, click **Tools** in the main menu and choose **Audio Wizard**.
2. Adjust the Playback volume using the slider to a comfortable level. When done, click **Next**.
3. Specify Speakers or Headset. Click **Next**.
4. Speak into the microphone. Optimal speaking levels are green, moving towards red.
5. Adjust the Recording volume to a suitable level using the slider. Click **Next**.
3. Click **Finish**.
